Summer

By Sandi Genovese

Combine a three-dimensional beach bag and flip flops on a “hot” summer layout.

1. Cut flip flops from striped paper. Punch three holes and attach ribbon through the holes, holding the ribbon in place on the back side with tape.
2. Embellish the ribbon with floral stickers.
3. Fold a strip of paper in half (with the fold at the bottom) to create the beach bag. Add a handle to the inside of the front of the bag.
4. Embellish the bag with beach-themed stickers and write the journaling inside the bag.

5. Die cut the title and embellish each letter with flames in three different colors. Attach the title to a paper strip with swirl clips.
6. Cut a circle into quarters and attach one quarter to a gold mat. Create the rays of the sun with yellow embroidery floss; then mat with two additional paper squares.
7. Complete the sun with a button and sticker letters.
8. Create a bottom border with a paper strip embellished with sticker dots created with a hole punch.

9. Double mat the photos and attach all of the elements to a 12" x 12" page, raising some with foam adhesive to add dimension.
