

Sparkling Pages

By Sandi Genovese

Create sparkling accents for a special hand made album that is laced with sparkling ribbon.
Create sparkling accents with colored paper clips, stickers and Crystal glaze.

Feature the same style of binding on a baby album

1. Trim black card stock to 8" x 9" to create the covers and interior pages of the album.
2. Decorate the front cover, featuring a gold leaf that has been run through a xyron machine.
 - * Place shiny metallic stickers along the left edge with a red accent strip.
 - * Add horizontal paper strips decorated with rub on letters and matching metallic stickers. Raise the strips with foam adhesive.
3. To create sparkly accents with colored paper clips:
 - * Wrap red wire around a round lid to create a perfect wire circle. Place on a gold sticker strip and fasten a heart sticker in the center. Cover with Crystal effects and let dry.
 - * When the glaze is dry, cut out the decorated circle. Cut out a matching circle from a gold sticker strip. Remove the backing and sandwich a red clip between the two circles.
 - * Fill in with additional Crystal glaze where the circles meet the red clip.
4. Attach the decorated clip to the bottom strip on the cover.
5. Punch four holes along the left edge of the paper stack.
6. Lace sparkly ribbon through the holes beginning at the bottom and crisscrossing (like shoe laces) finishing at the top with a knot or a bow.
 - *Weaving ribbon is easier with a floss threader.
7. Attach gold and red tags with matching fibers.
8. Highlight the gold tag and the title band with red glass crystals to complete the book.
