

Present Page

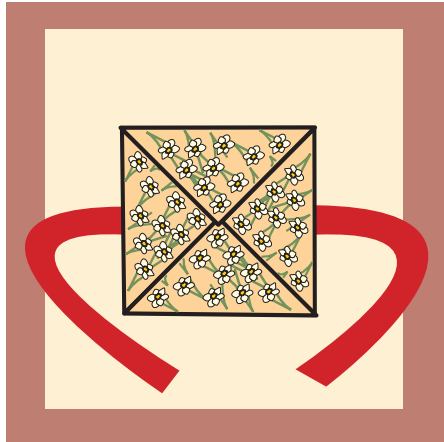

1. Cut an 8-1/2-inch square of decorative paper. Using a pencil and ruler, find the center of the square on the plain side of the paper and mark it with an intersection.

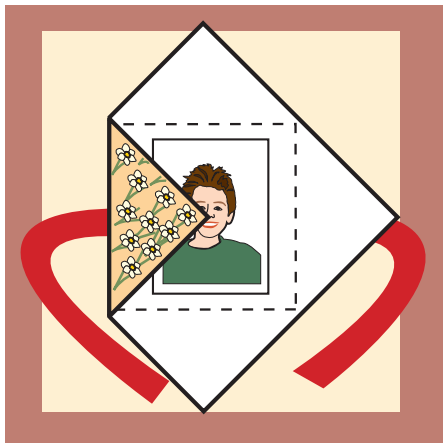

2. Fold each point of the square in toward the center intersection.

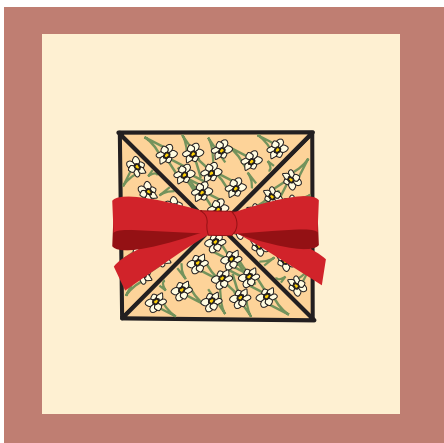

3. Slightly overlap each point as you fold in, eventually rendering a smaller square that resembles an envelope or wrapped package.

4. Select and cut a 24-inch length of complementary colored ribbon. Find the center of the ribbon and adhere it to the center of the scrapbook page. Center and mount the paper "package" on top of the ribbon, leaving an equal amount of ribbon on either side of the paper.

5. Unfold the paper and mount a photograph inside the package.

6. Refold then tie the ribbon in a bow to hold the package closed.
