

Clothespin Angels
Marty Hill
Knoxville, TN

Materials

clothespin
12" of 3"-3-1/2" wide white flat lace
heavy white thread
9" of 1-1/2" wide wired white grosgrain ribbon
8" of 1/4" wide white satin ribbon
white craft paint

Steps:

1. Do a running stitch through the top edge of the 12-inch piece of lace. Gather and tie it around the "neck" of the clothespin.
2. Fold the cut edges of the 9-inch piece of 1-1/2-inch wired white ribbon to the middle and pinch pleat with fingers to make a bow.
3. Tie off the center section of the bow with the 8 inches of 1/4-inch white ribbon. Take leftover lengths of the 1/4-inch ribbon and tie off to make a hanging loop. Hot glue bow to the back of the "neck" to resemble wings.
4. Paint a dotted halo on the top of the angels head with white craft paint

*Note: These angels can stand if you prefer that to hanging.
